PROFILE

Aspiring software engineer with a strong foundation in programming, databases, and web technologies. Keen learner with hands-on project experience in Python, Machine Learning, and full-stack development.

PROJECTS

Speech Emotion Recognition | Python, ML, MFCC, NLP | Jan 2024 – May 2024

Developed a speech emotion recognition system to classify emotions from voice inputs using MFCC feature extraction and machine learning. Built a real-time detection interface and optimized preprocessing and model tuning to achieve reliable multi-class accuracy.

Personality Prediction System | Python, ML, NLP | July 2023 – Dec 2023

Created a personality prediction model that analyzes text inputs using NLP techniques to infer personality traits. Designed an interactive UI to display predictions and enhance user engagement and interpretability.

Expense Tracker System | Python, SQLite, Tkinter | Jan 2023 – June 2023

Built a personal finance tracker with real-time expense logging, budgeting, and automated category summaries. Designed an intuitive Tkinter-based GUI with visual insights and streamlined expense management.

College Management System | Java, MySQL | Jan 2022 – Dec 2022

Developed a college management platform with modules for attendance, grading, and reporting. Improved database performance and usability through optimized SQL queries and modular Java design.

EDUCATION

Master of Technology (M.Tech) — Computer Engineering

Sep 2025 – Present

Sardar Patel Institute of Technology, Andheri

Teaching Assistant (TA)

Bachelor of Engineering (B.E.) — Computer Science & Engineering (Specialization in Data Science)

Dec 2021 – 2025

Honours: Blockchain

Lokmanya Tilak College of Engineering, Navi Mumbai

CGPA: 7.6

SKILLS

Programming Languages: Java, C, Python

Databases: SQL, MongoDB

Frameworks & Libraries: TensorFlow, Keras, Scikit-learn, OpenCV, NLTK

Tools & Platforms: Git, Google Cloud, Power BI, Tableau, LaTeX

Domains & Technologies: Machine Learning, Deep Learning, Natural Language Processing (NLP), Blockchain Technologies

CERTIFICATIONS

The Complete Full-Stack Web Development (**Udemy**)

Data Science Internship (**smartknower**)

Web Development (**Wissenaire IITBhubaneshwar**)

Tableau , power BI and Hadoop

VOLUNTEER WORK

Member, Computer Society of India (CSI)

Assisted students in learning Java programming through peer-support and mentoring activities, contributing to collaborative learning and technical skill development.
